Illness

When children contract an infectious or contagious disease, it is sometimes necessary that they do not attend school for a period of time. Please note that parents and carers should always contact school immediately if a child has any infectious disease in order that the necessary precautions can be made to safeguard the health of others.

Infectious Disease:	Recovery time needed at home:
Chicken Pox	5 days from onset of rash
German Measles and measles	5 days from onset of rash
Mumps	5 days from onset of swollen glands
Whooping cough	5 days after starting antibiotics
Tonsillitis	Until a clinical recovery is made

Contagious Disease:	Recovery time needed at home:
Vomiting/diarrhea	48 hours after it has stopped
Conjunctivitis	Until treated and infection cleared
Impetigo	Until lesion have healed or 48 hours
Verrucae/threadworm/ringworm /athletes foot	Exclusion unnecessary (but treatment advisable)
Scabies	Until the day after treatment has started

We're continuing with the Living Streets active travel programme. Big thank you to all the families walking or doing park & stride, there is definitely a lot less dangerous parking around the school

We are still participating in the TerraCycle scheme to collect bread bags for recycling (this also includes other bakery bags such as bagel and crumpet wrappers). As well as helping the environment, we can also raise money for this scheme and the Junior Leadership Team will make a decision on which playground equipment they would like to buy with the funds. Please bring your wrappers to your classroom to be recycled.

A polite reminder that if you have booked into After School Club, but you need to cancel the session, please do so 24 hours in advance.

We are over subscribed on some days so are having to turn families away, only to then have spaces because a child doesn't turn up who was booked in. Thank you for your support with this matter.

Walkley Community Choir stars back every Tuesday, 6:30-7:30 at St Mary's church hall. All ages are welcome from reception age and above and it's a lovely thing to do with your child. It's led by a professional musical director and we do a wide range of different songs. All abilities are welcome and no audition is necessary. Please feel free to come along and give us a try! For further info please contact Jules on 07960563804.
